Address	Riddargatan 17D, 11457, Stockholm/Sweden		
Strong areas of expertise	Impact Hub Stockholm hosts a very diverse community of entrepreneurs, freelancers, and change makers, who work at the edges of traditional business culture, to make an impact at local and global levels, whether they tap into the network in the physical or virtual environment. According to our member survey results, the areas of business covered by some of our members include education, organizational support & finance, community & social inclusion, environment & energy, technology, health and arts & lifestyle to name a few.		
Services to be provided			
Mentoring	Mentor matching would be made based on the needs of the entrepreneur.		
Space and infrastructure	Impact Hub Stockholm is situated in the heart of Stockholm (Ostermalm district), 5 minutes walk to the metro station. The space offers all the basic infrastructure needed for an office space (wifi, printers, coffee, fruit, events, community host etc). Would the entrepreneur have a free space all day in the center? Only some hours a day? What are the timetables? The office is open between 09.00-17.00. The members with keys have access 24 hours. We would provide the entrepreneurs in this program with the keys and treat them as full members.		
Networking with local entrepreneurs	We have community hosts/catalysts that host the space during the office hours. Community hosts are available at all times to understand the entrepreneurs' needs and areas of business and initiate contact with other entrepreneurs on an ad hoc basis. We also have "Feedback Fika" sessions where we invite entrepreneurs to talk about their projects and challenges and get feedback from the community of other entrepreneurs. Moreover, the main mentor would also make necessary connections.		
Networking with other local agents	We work closely with other co-working spaces, training centers and are connected to networks of investors. Once we understand the needs of the entrepreneur, we will guide them towards necessary contacts for clients, investors and other learning platforms.		
Integration Activities	The entrepreneur will be invited to attend events and workshops taking place at our space that are hosted by Impact Hub as well as friends of Impact Hub.		
Is there any assistance in finding accommodation?	We do not offer accommodation but could help the entrepreneurs are welcome to use the Impact Hub Stockholm platform to make accommodation inquiries.
